

PANORAMA HEIGHTS PROPERTY OWNERS
ASSOCIATION BOARD MEETING

March 29, 2009

A short board meeting of the directors of Panorama Heights Property Owners Association was held on the above date at the home of Greg Boshears in Panorama Heights. Those attending, in addition to President Steve Asche, were John Howell, Tony Moody, Joe Hively, Greg Boshears, Stuart Townsend, and Pat Feeney, clerk. Butch Brown had been called away at the last minute.

The board discussed correspondence from Tulare County indicating that we had missed a testing date. The board knew that the county was incorrect, since Tony had taken the water tests himself. He will contact the county and have the county correct their records. (This was done and settled the following day).

Reports were made: The fence will need to be repaired before the cattle come up in May. We know that at least one deadman will need to be replaced. Steve and Greg will take a look in April.

Roads: We need to repair/install boxes for the hydrants on Francis and Booth; Panorama Drive, and Ridge.

A discussion on the snow plowing contract with the County was brought up, Butch will be asked to check on it and report back.

There is apparently a problem with gravel on Booth and Carlin.

Regarding the barbeque: The following members are responsible for items for the barbeque: Meat, Butch, Beans, Steve, Salsa, Joe, Bread and butter, Tony. Pat will get the extra serving plates, and utensils. Hopefully our weather will be much improved over last years.

The meeting ended at 11:00 am.
